

Name: Lugovoy Roman Anatolievich

**Affiliation: Pacific State Medical University,
Vladivostok, Russia**

**Title: Head of Department of Analytics, Project
Management and Foreign Affairs, Assistant
Professor of Economics and Management
Department, Candidate of Economic Sciences**

**Lecture Title: Development of educational
collaboration projects, including dual degree
programmes**

Abstract:

The development of healthcare technologies along with IT shapes several new requirements to healthcare professionals, which in turn could be addressed to medical universities. The presentation considers various aspects of the issue as well as projected ways to tackle the challenges through educational collaboration projects.
