

**Association of Institutions of Higher Education of the Russian Federation and Japan**

**HaRP: Human Resource Development Platform for Japan-Russia Economic Cooperation and Personnel Exchange**

## **Japan-Russia Scientific Forum on Medical Education**

**September 15<sup>th</sup> 2021 (Wednesday),  
9:00 – 12:10 (MT) / 15:00 – 18:10 (JST)**

### **Aims and Objectives:**

Niigata University (Japan) invites medical experts from Japan and Russia to attend “**The Japan-Russia Scientific Forum on Medical Education**”, with special attention on the challenges and opportunities of medical education in Japan and Russia. The Forum will be held online and will feature the history of human resources development, international exchanges and research collaboration between both countries.

The prime objective of the Forum is to create awareness and to provide a platform for the participants to deepen their knowledge and share the experiences and to discuss on the ways how to foster the next generation who can contribute to achieve the better and healthier society in Japan and Russia.

The Forum is held as part of the related events of “**The Third General Meeting of the Association of Institutions of Higher Education of the Russian Federation and Japan**”, which takes place on 16 September, and the results of the Forum will be brought to the General Meeting to share the outcome of the discussion.

We look forward to bring you to this special opportunity and hope you meet inspiring speakers and experts, who give the state-of-the-art knowledge on medical education and sciences.

**Organizer:** Niigata University (Japan)

### **Co-organizers:**

- Moscow State University (Russia)
- Specialized section in the field of Health and Medicine, Human Resource Development Platform for Japan-Russia Economic Cooperation and Personnel Exchange
