Lecture

“Essential knowledge and tips for your job hunting”
Yukiko Ozawa (Ryukatsu)

International Education Center, and Advanced Education and Research Center of the Graduate School of Science and Technology, will hold an online guidance for international students who want to get a job in Japan. The instructor from a major job hunting support service for international students “Ryukatsu” (www.ryugakusei.com), will explain about the basics of job hunting activities, and how to enhance possibilities of getting hired in Japan. **This guidance will be held in all English.** Please do not miss this opportunity.

- There is no need to apply to participate in the guidance. Please join using the meeting ID or QR above.
- We would like to ask all international students who will be participating in the guidance, and those who are unable to participate this time but are interested in working in Japan, to cooperate with the preliminary survey. Please answer from the URL below or the QR on the right.
