

- You want to deepen your knowledge in German in an intensive German course?
- You are interested in studying at Bielefeld University and want to get more information?
- You want to take part in international exchange and intercultural experiences – despite Corona?

Then attend our

First digital German Summer Courses for Students and Graduates

Take the chance to meet students from abroad and work with them in different (technical) language projects. The German course, project work, and leisure program will be offered completely digitally. All courses consist of 25 teaching lessons per week (working groups included). Participants receive a certificate of attendance.

Duration of all courses: **August 6th – September 1st, 2021**

We offer the following digital courses:

German language course A2
German language course B2/C1 + technical (language) project Law
German language course B2/C1 + technical (language) project Mechatronics
German language course B2/C1 + technical (language) project Economics
German language course B2/C1 + technical (language) project Society and Politics
German language course B2/C1 + technical (language) project Academic German

The language courses will be supplemented by a digital activity program: In working groups in regional and cultural studies you can try out playing theater or train your creative writing skills. You get the chance to improve your grammar, vocabulary and pronunciation skills. Staff members of the Student Office and the International Office inform you about conditions for a university place in Bielefeld/Germany and counselling offers for international students at Bielefeld University. We guarantee a varied leisure program and the opportunity to get in touch and make new friends outside of the German lessons.

Important information:

- Course fee: **640,00 €** (students from cooperations receive a discount of 50,00 €)
- Conditions for successful participation: Tablet/Laptop/Computer, microphone and camera, stable internet access, quiet surrounding

Registration is possible from now on. Use our [registration form!](#)

Deadline of registration: **June 30th, 2021**
